ICANN REGISTRAR
IANA ID 4327

SSL STATUS
DigiCert Platinum

WPHOST is the first hosting in Uzbekistan built exclusively for WordPress. A trademark of SUVAN NET LLC, the only ICANN accredited domain registrar in Uzbekistan (IANA ID 4327) and the only DigiCert Platinum Partner in the country. Operating since 2010, serving over 42,000 subscribers, with 24/7 support in Russian, Uzbek and English.

1. WordPress Hosting Plans

Five plans on fast V-NAND SSD servers. Every plan includes unlimited traffic, an SSL certificate, weekly backups, Cloudflare CDN, a staging environment, SSH access, Imunify360 WAF and antivirus, Patchstack 0-day protection and 24/7 support. Pay annually and get a 5% discount plus a **free domain** for the first year (.uz, .cloud, .asia, .art, .click, .love and more).

Plan	Best for	Sites	Storage	RAM / CPU	Per month	Per year (~5%)
Start	First blog or portfolio	1	1 GB	1 GB / 1 core	69 000	786 600
Blogger	Active blogs and news sites	3	5 GB	2 GB / 2 cores	249 000	2 838 600
Business Popular	Corporate sites and landing pages	5	10 GB	3 GB / 3 cores	379 000	4 320 600
Shop	WooCommerce with a large catalog	10	25 GB	4 GB / 4 cores	759 000	8 652 600
Agency	Web studios and client projects	25	50 GB	5 GB / 5 cores	1 189 000	13 554 600

Also included: AccelerateWP automatic site acceleration, CloudLinux CageFS isolation, free site migration performed by our experts and a 15 day money back period. Plans are designed for WordPress only; email service is not included (available with AHOST hosting, ahost.uz).

2. Domain Registration

Direct registration from registries in more than 1,000 zones: direct contracts with Verisign, Google Registry, Amazon Registry, GoDaddy Registry, Identity Digital, Nominet, CentralNic and others. Accredited in all national zones of Central Asia: .UZ, .KZ, .KG, .TJ, .TM. Prices are for 1 year of registration.
